Deze afbeelding heeft de titel:

Making sustainable products the norm in a more resilient Single Market.

Dit is schematisch verbeeld in een cirkel met zes segmenten, met in de kern van de cirkel de tekst:

Ecodesign for Sustainable Products Regulation

- Performance and infrmation requierments for greener products.

- Tackle the destruction of unsold goods.

- Waste prevention and reduction.

- Mandatory criteria for green public procurement.

- Digital Product Passport and new labeling rules.

- Stronger market surveillance.

Deze tekst verwijst naar de drie bovenste segmenten van de cirkel. Dit zijn:

Op 10 uur in de cirkel:

Ecodesign Working Plan 2022-2024

- Higher energy efficiency and circularity for energy-related products.

- New rules for consumer electronics (smartphones, tablets, solar panels).

Op 12 uur in de cirkel:

Complementary sectoral rules on construction and other product categories (e.g. batteries, chemicals, packaging)

Op 2 uur in de cirkel:

Strategy for Sustainable and Circular Textiles

- Binding eco-design reuierements, incl. durability, reparability, and recycled fibre content.

- Stop microplastic pollution.

- Tackle fast fashion, textile waste, and the destruction of unsold products.

- Accurate green claims.

-Sustainable global value chains.

De andere segmenten in de cirkel zijn de volgende.

Op 4 uur in de cirkel:

New rules to empower consumers for the green transition

- Protection against greenwashing and the deliberate planning or design of products with limited lifespans.

- Information on product durability and reparability.

Op 6 uur in de cirkel:

Global action

- Global sustainable consumption and production forum.

- corporate sustainablility due diligence.

Op 8 uur in de cirkel:

Support for circular business models

- Support for circular business hubs.

- Guidance to businesses.
